

# EPM-1721

DC to DC 60W Railway Power Module

## Specification

### DC In / Out Connector

Input Power Connector	M12 connector
Output Power Connector (DC-12V)	AT 2Px2 connector

### DC In / Out Characteristics

Maximum Output Power	60W
Input Voltage Range	+9~ 36Vdc
Output Voltage Range	12V
Maximum Output Current (DC-12V)	5000mA
Working Voltage	24Vdc w/ Isolation

### Certifications

Certification Information	EN 50155 EN 50121-3-2 EN 45545
IEC Protection	IEC 60068-2-64 IEC 60068-2-27

### Mechanical & Environmental

Dimension	148*43mm
Form-Factor	Customized
Vibration Test	5G @5~500Hz
Operating Temperature	Wide temperature -40°C ~ 85°C.
Storage Temperature	-40°C ~ +85°C
Shock Test	10G @ 11ms

### Ordering Information

Ordering Information	PN: -EPM-1721-A1R
